Reference - Grant of land to Aryavidyasala in - Gandhinagar

With reference to your letter No 3193 5442 dated 28-11-42 requesting to intimate whether condition No 6 (that the - building should be constructed within one year from the - grant of land to the Association) has been acted upon etc , I have the honour to state that the said condition has not been fulfilled by the Aryan School Parents Association

When a notice was issued to them in the matter they began to apply for additional grant of land on the ground - that the land already granted to them being a triangular site was not well suited etc , and in this connection the said Association presented a petition to the Government also on 7-2-1942, which was sent to this Office on 5-3-1942 for - obtaining the opinion of the Municipal Council

When the subject came up before the City Improvement Committee on 4-8-1942 and the Council on 26-10-1942 they were pleased to approve of the grant of the increased extent of land to the above Association on certain conditions - though the undersigned brought to their notice that the - Municipality would be losing about a lakh of rupees if the land in question is granted to the Association free of cost

The original grant of the land to the Association was 2580 2359 221 sq yards which has now been reduced to 2359 sq yards owing to the increase in the width of the footpath towards the main road The additional land now resolved to be - granted works out to 5609 sq yards, thus making the total grant ef to be 7968 sq yards The value of the land according to the present market rate (as seen from the sale of sites held recently) is Rs 14-8-0 per sq yard, at which rate the value of the land already granted amounts to - Rs 34,205/- and that of the additional land now resolved to be granted amounts to Rs 81,330/- The total value of the entire plot will therefore come up to Rs 1,15,535/- The extent of loss to the Municipality, if the present resolution of the Council were to be given effect to would be about - Rs 81,000/-

The cost of acquisition had also been very heavy, the compensation awarded being at the rate of Rs 2,500/- per acre, Besides, the Muzrai Department on behalf of Goduriah Mutt has referred the matter to the court for enhanced compansation at the rate of Rs 3/- per sq yard which is very likely to be awarded

The copies of the resolutions of the City Improvement Committee and Council in question, ~~together with the plan in connection~~ are enclosed herewith for favour of kind perusal and orders of Government in the matter The petition received from the Government on 5-3-1942 is also returned herewith in original as desired therein

A copy of the blue print, showing the area originally granted and the area now proposed to be granted, cancelling the sites, is also enclosed herein for favour of perusal

I have the honour to be,
Sir,
Your most obedient servant,

Forwarded with compliments

Municipal Commissioner

Hon Vice President

Even though a Condetion was made with the School authorities for the Construction of the school within a year from the date of grant, at no time, the matter came up before the Council, and the Council has neither granted extension of time, nor insisted upon them to complete the Construction In view of the recent resolution of the Council, I should say, that the Council is inclined to grant any extension of time in this behalf and if the Government so direct, the matter may be placed before the Council and its views ascertained

ksm

The land proposed to be given now does not Cost Rs 81,330/- nor the total land given Costs Rs 1,15,535-0 Strictly The figures are staggering when the land was originally granted to the School, the Cost of land in that locality, was between Rs 4/- to 6/- per Square yard Since the plot of land already granted to the School is a triangular one, all the abutting sites do not form proper sites independently saleable, as seen in the

enclosed plan and such plots of lands have to be given to the owners of adjoining sites at upset price In this locality even now, adjoining land is given at an upset price of Rs 4/- per square yard to the adjoining owners So the Cost of land to be given does not amount up to that high figure

The triangular plot of land granted was reduced in area by the municipality taking away some land for the purposes of widening the foot paths, after which the school authorities found the Construction not much beneficial further the strength of the school, which was converted from a meddle school to High school being the only High school in that big division, grew so suddenly high, that the authorities thought it inadvisable to put up a building on that small plot So, they were forced to apply for an additional grant

At the Council meeting itself, all the aspects of the question, were fully discussed, and the resolution unanimously adopted, as seen from the proceedings For the above reasons, and those given by several members at the meeting, the value involved in the present grant is nothing to a municipality of this magnitude, Considering the object for which, the proposed grant is made I hope the Government would be pleased to accord its sanction

G Venkata Swamy Chetty
Hon President in charge
10 12 1942

BANGALORE CITY MUNICIPALITY

Proceedings of the Meeting of Council dated 26-10-1942

Subject No 43 -

Opinion of the City Improvement Committee dated 4-8-1942 granting the entire plot marked A B C D in the plan (in Gandhinagar) for construction of Arya Vidya Sala School Buildings, free of cost, subject to certain conditions

Mr V K Govindarajulu moved that the opinion of the City Improvement Committee may be approved and Mr R Subbanna seconded the same

The Commissioner explained to the House that the Council had already given an appreciable plot of land for the School and the grant of the additional bit would mean a heavy loss of nearly a lakh of rupees since the land value in that area was very heavy and suggested that the Council may consider all these aspects before coming to a decision Further, the party had not fulfilled the conditions of the original grant

Mr B Subbiah observed that since the purpose for - which they were giving the land was a very noble one, they need not measure in terms of rupees and pies and supported Mr V K Govindarajulu

Mr M Krishnaswami Pillay also supported the above speaker

Mr V K Govindarajulu replying said that it was very essential for every school to have sufficient playground and lung space, ~~with~~ that in Western countries and European Institutions in Bangalore, every school had a wide playground and it was only in Indian Schools that scarcity for place was felt and that they should not raise any objection to the grant Further, since the 2nd Division is a very congested locality, any open place is welcoming The Municipality, instead of taking measures to prevent diseases,

can

can very well promote health among school boys by proveding play grounds

Resolution - Opinion of the City Improvement Committee is approved

Sd/- V Venkataswamy Chetty,
Hon Vice President,-in-charge

The Aryan School Parents Association
(Reg 1928)

" Cola Lodge "
Kempe Gowda Road Bangalore City
dated 1st December 1941

From

The President
The Arya Vidya Shala Parents'
Association Kempe Gowda Rd
Bangalore City

To

The Minister for Local-Self Government
& Public Health
Government of Mysore
Public Offices,
Bangalore

S i r,

I have the honour to submit this Memorial on behalf of the Arya Vidya Shala Parents Association and I beg at the outset to tender to you our gratitude for the very patient and sympathetic hearing you were pleased to accord to the deputation which waited on you on the 27th October 1941

The Arya Vidya Shala Parents Association

The Association is registered as a charitable and educational institution under the Mysore Joint Stock Companies Act and has at present the members of more than a thousand parents

The Association is now running two educational institutions in Bangalore City The Arya Vidya Shala Main School is Kempegowda road is perhaps the biggest among the Grant-In-Aid Schools in the State It has on its rolls nearly a thousand two hundred pupils including the strength of the Middle and Primary Sections The Arya Vidya Shala branch Middle School which is established at Seshadripuram was started in the year 1935 with about 160 pupils and its strength has now increased to450 and there is every prospect of the strength of both the Schools increasing to larger proportions in future

Government Grant-In-Aid -

Government have been pleased to extend their patronage to the Association in running these institutions by sanctioning liberal Grant-in-aid and have also further shown their appreciation of the good works done by the institutions in enhancing the same from time to time At present the main School is receiving a total sum of Rs 350-0-0 while the Branch School is getting Rs 200-0-0 per mensem

School Building -

Both the institutions are at present housed in rented buildings designed for residential purposes and therefore not wholly suited for conducting the classes The City Municipal Council realising the necessity of the Association for a building of its own was generously pleased to grant free of cost a tri-angular piece of land measuring 2580 syd in the Gandhi-Nagar extension of the City in the year 1938-3 The Association is very grateful to Government and to the Municipality for their munificent gift to the Institution Without in the least minimising the value of this gift I crave your indulgence to bring to your kind notice that the site so granted is by reason of its tri-angular shape inconvenient for the construction of a School building

At the time the site was granted the Municipality could not perhaps grant anything bigger as apparently that was the only piece of land then available the rest of the neighbourhood being private property It is now learnt that lands in the neighbourhood of the site granted are now being acquired for purposes of converting them into sites May we therefore approach you with our humble prayer that the site granted may kindly be extended in the manner suggested in the sketch enclosed herewith for your kind perusal This extended site will enable the Association to erect a building quadrangular in shape thereby not only adding to the grace of the building but also providing enough open space for sports and ~~the~~ likewise Majority of the pupils that attend the School come from the Second Division Kilary Road Balepet etc a congested area of the City and in the School premises -- at least they must be able to enjoy the benefits of fresh air and light In this connection I would state that the management are also hoping to develop the institution into a High School in the near future With this hope the Management propose to erect a three-storeyed buildi at an estimated cost of about Rupees Fifty thousand though the Municipality at the time of the grant proposed that a building be put up at a cost of about twenty five thousand rupees only

In view of the considerations submitted above I entreat the Government and the Municipality to be graciously pleased to extend the area of the site already granted so as to enable the Association to erect a Suitable building

I trust that this humble prayer of the Association will receive your very sympathetic consideration

consideration and that favourable orders will soon be passed

I have the honour to be

S i r

Your most obedient servant

SIR

Reference - Grant of land to Aryavid/asala in Gand[illegible]

With reference to your letter No L 6546/M L 92-42-44 dated 5th January 1943 requesting to intimate the extent of land comprised in the portion marked B D M G & A on the plan I have the honour to state that the area of the said plot of land (coloured red) is 3165 sq yards

The extent of the original grant of the land to the above school is 2580 sq yards this has been reduced to 2359 sq yards, due to the increase in the width of the footpath on the road side The reduction in the extent of the original grant is therefore (2580-2359) or 221 sq yards which has yet to be given to the Association to cover the extent already granted Deducting this extent of 221 sq yards out of the area of 3165 sq yards proposed to be granted by the Government the extra area to be granted would be 2944 sq yards the market value of which would exceed Rs 40,000/-

In the opinion of the undersigned the total grant of the land to the institution may be confined to the portion marked [illegible] D F which measures - 3713 sq yards i e 1153 sq yards in excess of the original grant of 2580 sq yards This plot [illegible] D F is also rectangular and is suffice for the purpose of a sc[illegible] col

I have the honour to be
Your most obedient servant

[illegible]
MUNICIPAL COMMISSIONER

[illegible] Commissioner, [illegible] the [illegible] of land [illegible] the law, may [illegible] cost to the school authorities for [illegible] purpose, as approved previously by the Property Improvement Committee. Later on this extension of [illegible], as out [illegible], the incorporation of an area comprising [illegible], the proposed area [illegible] by the Commissioner, is so small that the very purpose for which the council proposed the same solution, is defeated, and the school [illegible] to repair, if a further cut is effected in the rate now [illegible] by the Government to a premier municipality like this, money is not every thing, and in the same locality, several rates are made to purposes less essential than education. The cost of land calculated by the Commissioner, is also not correct, as for many years last that area, at no time, it has exceed that rate. The extent proposed by the Government, is reasonable, and it gives the benefit of roads or to directions of the proposed School which are so very essential to a public Institution.

Honorary President

M/C

Mr Gut has passed [illegible] information and I do not like to have a controversy over the [illegible] but I think Mr Gut may kindly give a reply to the information called for by Gut in their letter, and thus we will be able to put [illegible]

Wm. L [illegible]

S/C

Forwarded with compliments the information sought for in your letter of the 15th inst. The delay in sending the reply is due to the fact that the Commissioner-in-charge wanted for the permanent Commissioner to take charge of the office. The Government may kindly be moved to kindly reconsider the matter and decide to the Municipal Council's resolution to or the whole bit of land and grant the whole bit of land.

V K [illegible]
